GladSong who?…

At the center of Washington state, in the heart of apple country, a new song is beginning. Formed in 2021 with a mission to 'encourage the singer, inspire the listener, and benefit the community', we are an inspirational community choir… GladSong!

A collection of singers performing positive message music, our 33 members rehearse Sunday evenings, enjoying the camaraderie of singing together. Our presentations include pop, country, jazz, and gospel melodies. At a time when the choir genre is in decline, our fresh approach and flexible repertoire is welcome in any kind of setting, from park concerts to service organizations to churches.

GladSong strives to make an impact beyond just the musical experience. One of our goals is to partner with charitable organizations at our concerts, helping them to raise needed funds. Contact us to see how we could perform to benefit your organization.
