Serve Wenatchee Valley

Thom Nees, Executive Director

Serve Wenatchee Valley connects people with resources to restore HOPE for a better future.

We start by offering HOPE by helping financially disadvantaged families know that they are not alone.

Our model helps individuals and families in need of support through a compassionate, prayerful, non-judgmental atmosphere. Needs for food, clothing, furniture, rent, utilities and more are addressed through our community referral model with churches and other social service providers in the Wenatchee Valley.

Fresh HOPE Market

What makes this food bank different?

The Fresh HOPE Market is a points-based food bank that utilizes the grocery store model. This allows families and individuals to shop for the things they want and need. This gives shoppers the dignity of choice and significantly eliminates waste.

What is offered?

Variety! The Fresh HOPE Market has fresh produce, meat, bakery items, canned and bagged dry goods, beans, pasta, rice, boxed meals and sides, cereal, and a wide variety of non-food items as well. Shoppers can shop for diapers, paper products, cleaning supplies, and hygiene items too.
